President W. J. Kerr

Dear President Kerr

Your favor of June 3rd received and contents carefully noted. As suggested by you, I had intended sending an application to the Board of Trustees for appointment as matron of the dormitory but was called to Salt Lake. Hence the delay. However I am sending the application to you at this time under separate cover.

Regarding any change in the contract: As I told you, I am perfectly satisfied as it stands and in reference to the rumor that I have been appointed or that I had advanced the existing prices, I can only say that it is entirely in error. I cannot understand where such a report should come from. The students who stay at the dormitory have asked me if I was going to remain another year. I informed them that I expected to but could not tell definitely until my application had been acted upon. I advised them to write me during the early part of the summer and I would gladly hold a room for them in case my application was granted. I am sure that nothing I have said would lead them to believe that any advance was to be made in price. I have only been receiving \$13 to \$15 per month from students and only professors are paying \$20. any report to the contrary is false. Your letter is the first intimation I have had

of such a statement and I am indeed very sorry that such reports should be current. I will use every effort to have the matter corrected.

It is with deep regret that I learned of your illness and hoping for your speedy recovery, I am

Very respectfully yours,

Mrs Karl Mornch.
